ROUTE 66 RAILWAY

is a beautiful new book that explores the bond between the Santa Fe/BNSF railways and Route 66 in the Southwest.

By acclaimed photographer and writer Elrond Lawrence

Published by the Los Angeles Railroad Heritage Foundation

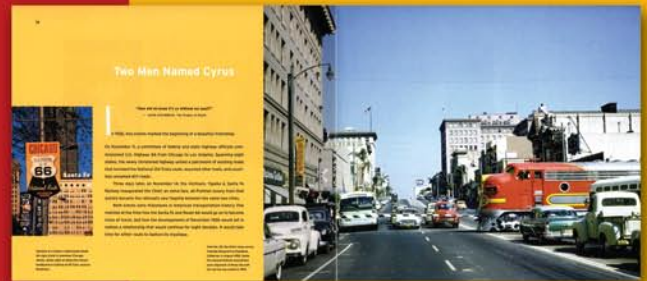

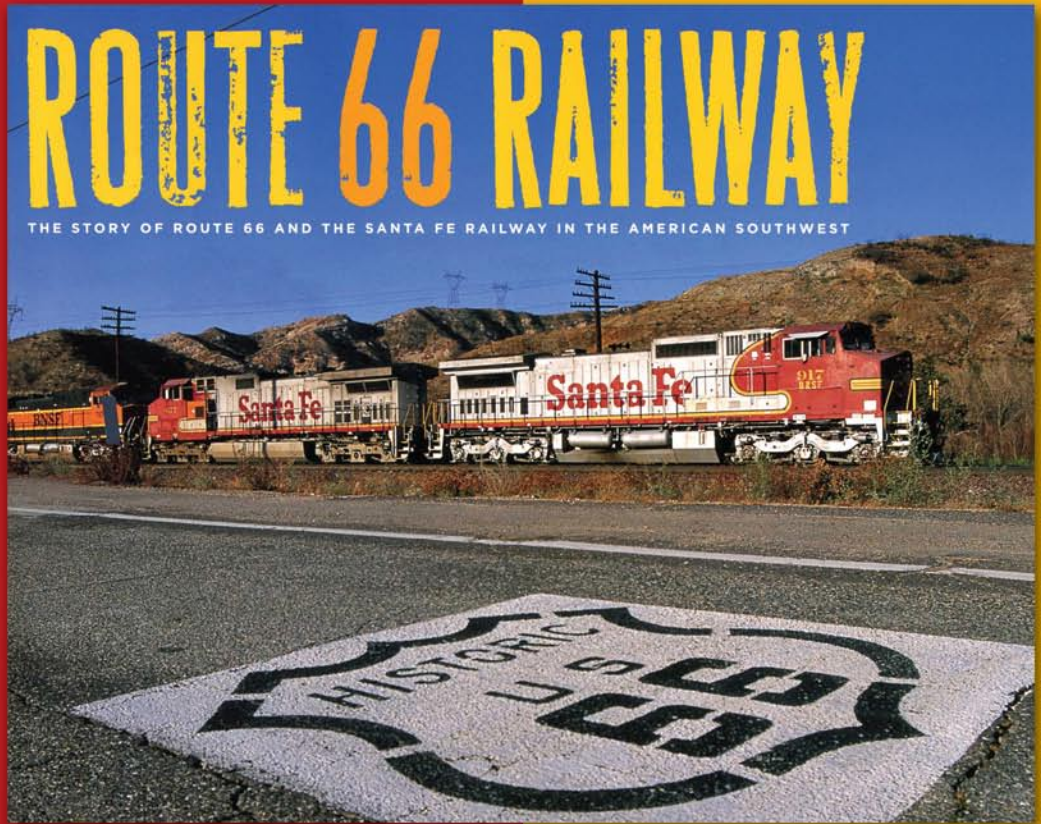

Filled with spectacular photography and engaging text, it's a visual road trip through California, Arizona and New Mexico. Enjoy colorful images of "Warbonnets," modern BNSF diesels, Amtrak, steam and short lines . . . plus neon motels, quirky cafes, Harvey Houses and more.

The book magically sweeps you along Route 66, visiting towns and touchstones where the railroad and highway meet, and recalling a time when crossing the Southwest was an adventure. Over 250 dramatic photographs will transport you up California's Cajon Pass, across the Mojave Desert and Arizona Divide, and past the mesas of New Mexico. In **ROUTE 66 RAILWAY**, the journey is the destination!
